

REVISED

STATEMENT OF PURPOSE

RS28235 / H0051

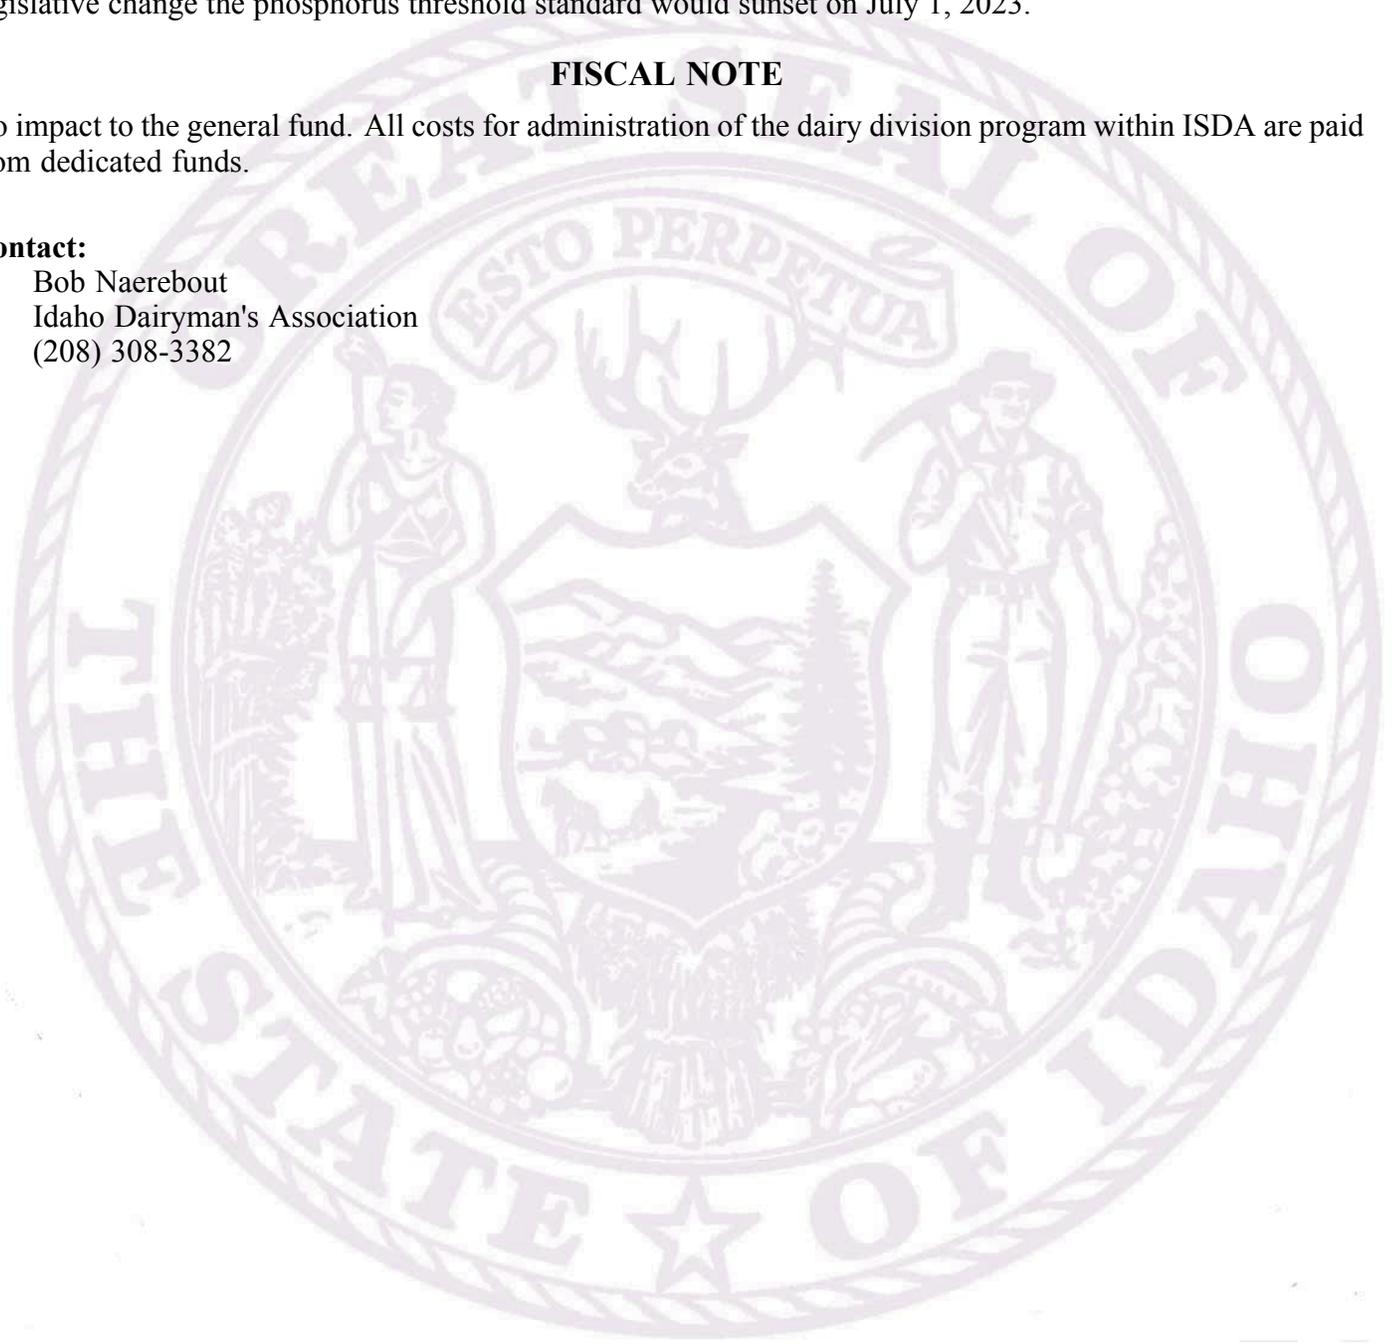

STATEMENT OF PURPOSE: To allow dairy producers to continue monitoring land application of dairy nutrients according to methods now allowed by ISDA and selected by the producer – phosphorous threshold standard and/or phosphorous indexing standard. The dual standard has been in place since 2017. Without this legislative change the phosphorus threshold standard would sunset on July 1, 2023.

FISCAL NOTE

No impact to the general fund. All costs for administration of the dairy division program within ISDA are paid from dedicated funds.
